### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: In the abstract, line 1, the word "means" (first occurrence) has been changed to -- device --; and the word "means" (second occurrence) has been changed to -- mechanism --. These changes are necessary because legal phraseologies, such as "said"/"means", should not be used in the abstract.

### **REASON FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: Scheffel, Jones, Goding, Traveilla, and Buckwalter disclose various car truck assemblies with jaw stabilizing means. However, the prior art of record, taken singly or in combination, does not suggest jaw stabilizing means on a car truck including a pivot bar, pivotally mounted on a side frame, provided with spring arms that are connected through linking means to inside and outside anchoring means on a car truck bolster; wherein, the elements of the jaw stabilizing means are arranged on the car truck to interconnect the side frame and the bolster so as to control the relative movement between the side frame and the bolster, as defined in independent claims 1, 16, 22 and 26. Accordingly, independent claims 1, 16, 22 and 26 along with claims 2-15, 17-21, 23-25 and 27 depending therefrom are considered to be defined over the prior art of record.
